FELIPE GIANNETTI FONTENELLE

ABOUT

Software Engineering student at PUC Minas. Passionate about technology and innovation, I am constantly seeking to expand my knowledge and skills in the field of technology. I am fluent in Portuguese (native) and English (advanced), which allows me to communicate effectively in diverse contexts and collaborate on international projects. Throughout my academic journey, I have been developing strong competencies in programming, algorithms, data analysis, and software development. I am always looking for new opportunities to apply my knowledge and contribute to challenging and impactful projects. With a problem-solving mindset and strong teamwork skills, I am ready to enter the job market and begin my professional career. Graduated from Colégio Santo Agostinho Central in Belo Horizonte in 2023.

WORK EXPERIENCE

PUC MINAS

Web Interface Development Monitor **2025 - current**

I work as a Web Interface Development (DIW) teaching assistant, supporting students in building web interfaces, clarifying questions about HTML, CSS, and JavaScript, and contributing to the practical understanding of the concepts taught.

GRUPO CHALEZINHO – CLUBE CHALEZINHO / KIOSK CLUB

TEAM & RELATIONSHIP LEADER **2023 - 2025**

As a team manager, I am responsible for leading a team of 11 people focused on organizing and producing events, applying my leadership skills and maintaining effective communication with a wide range of clients, which has allowed me to expand my professional network. In addition, I collaborate directly on the launch of several brand products.
